With a population of 4.5 million, Singapore boasts a GDP of US\$138 billion - the fifth highest per capita GDP in the world. The island nation is Australia's largest trade and investment partner in South East Asia, with two-way trade alone now worth over \$12 billion. The Mutual Recognition Agreement under SAFTA has strengthened ties between professional bodies in both countries, resulting in a higher degree of acceptance of Australian service providers. Opportunities exist for Australian companies in financial, legal, educational, professional services, food and beverage, consumer and lifestyle products, arts, franchising, ICT and intellectual property.

Members and their clients and contacts are welcome to attend.
