

The Chairman and the Executive of the Sea Freight Council of NSW Inc invite you to a workshop on:

**The IPART NSW draft report on
"Reforming Port Botany's links with inland transport"**

The workshop provides an opportunity to increase your understanding about possible changes and forthcoming potential improvements to the Vehicle Booking System (IPART Recommendation 14) in the interface between trucks and the stevedores at Port Botany. The views of stakeholder groups will be aired through a facilitated discussion and questions will be invited from the floor.

The Sea Freight Council aims to ensure that all interested parties are well informed when preparing responses to the report.

The workshop is free and will be conducted at:

Parramatta Location

Date: Monday 3rd December 2007
Time: 5.00pm for 5.30pm
Venue: Department of State and Regional Development
