

User/Certificate Maintenance Unavailable Saturday 3 May

In preparation for the Customs Connect Facility (CCF) cutover User/Certificate maintenance will be unavailable from 0800 to 2000 (EST) on Saturday 3 May.

The Registration and Renewal of digital certificates will not be possible during this time. ICS Client maintenance will be available however any amendments made during this period will not take effect until User/Certificate Maintenance becomes available.

CI and EDI will remain unaffected.
