

19 November 2009

Tasman Freighter Service Aircraft Change

Due to the temporary unserviceability of the aircraft scheduled to operate Qantas Freight's Tasman freighter service between Sydney – Auckland – Christchurch – Sydney, a Boeing 747-400F aircraft will operate the sectors Sydney – Auckland (QF7528) on Thursday 19 November and Monday 23 November 2009. Departure and arrival times remain as published.

On Sunday 22 November a B767 passenger aircraft will operate a freight service SYD – AKL – SYD as follows:

| FLIGHT | SECTOR | DAY | DEPART | ARRIVE | AIRCRAFT |
|---------|---------|-------|----------|------------|------------|
| QF7623* | SYD/AKL | 22/11 | ETD 2200 | ETA 0320+1 | B767 (pax) |
| QF7624* | AKL/SYD | 23/11 | ETD 0425 | ETA 0625 | B767 (pax) |

*subject to approval

The following services and sectors will be cancelled:

| FLIGHT | SECTOR | DAY | STATUS |
|--------|-------------|-------|-----------|
| QF7524 | AKL/CHC/SYD | 20/11 | cancelled |
| QF7527 | SYD/AKL | 21/11 | cancelled |
| QF7528 | AKL/SYD | 21/11 | cancelled |
| QF7525 | SYD/AKL | 22/11 | cancelled |
| QF7526 | AKL/SYD | 22/11 | cancelled |
| QF7524 | AKL/CHC/SYD | 24/11 | cancelled |

Operations will return to normal from Tuesday 24 November with the addition of a supplementary B747-400F service operating Sydney – Auckland on Monday 30 November 2009.

As a result of the aircraft change some minor equipment and contour changes may be required for shipper loaded units and pallets. Please contact Qantas Freight if you are using DQF type containers to discuss alternative arrangements or refer to the *B747-400 freighter loading specifications* flyer available through qantasfreight.com for configuration information.

Thank you for your understanding and co-operation.

Yours sincerely,

John McLure
Acting Regional Manager Australia and New Zealand
