Sydney Freight Terminal Import Freight Delays

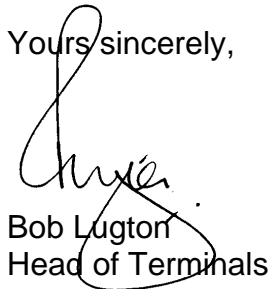

The Sydney Freight Terminal is currently experiencing delays in processing import freight as a result of unusually large volumes of freight arriving at the terminal in the last 24 – 48 hours.

We are expecting the situation to continue throughout the day.

Please be assured that we are committed to doing everything possible to minimise the impact of the current situation. We have rostered on more staff and extended the operating hours of our off-airport terminal (SFT2) to assist clear the current volumes.

I appreciate and thank you for your understanding.

Yours sincerely,

A handwritten signature in black ink, appearing to read "Bob Lugton". The signature is written in a cursive style with a large initial "B".

Bob Lugton
Head of Terminals
