

Notification of appointment of SIB Facilitator

26th November 2009

Dear Member

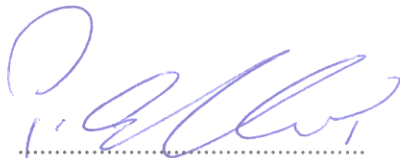

In our statement released on the 27th October regarding the formation of a Single Industry Body (SIB) it was mentioned one of the critical factors was the appointment of a professional neutral Facilitator to take the process forward.

The SIB committee are pleased to advise they have appointed Morrison Low Consultants Pty Ltd to take on this role effective immediately. The committee feels they are the organisation best suited to meet our requirements.

We will keep members informed as the process moves forward into 2010.

Signed on behalf of AFIF and CBFCA.

Paul Golland Chairman AFIF

David Katte Chairman CBFCA
