

23 March 2010

**Northern Summer Schedule Change**

Please be aware that our Northern Summer schedule will commence from Monday 28 March. This change will impact all flight times and we encourage all customers to check the amended schedule carefully before planning delivery schedules.

Daylight savings time for participating Australian states will also end on Sunday 3 April. As a result, some flight departure and arrival times will change twice in the course of a week.

Please refer to [qantasfreight.com](http://qantasfreight.com) for the most up to date schedule over this period.

Yours sincerely
