

Our Principal Sponsor

The Annual CBAFF Conference has descended on some of the top tourist and conference locations in the North Island. From The Bay of Islands to Rotorua, Tauranga to Taupo we have sampled their best, and each year you have told us of your desire to visit the South Island. **In 2005 the conference will visit what many consider to be the premium location in New Zealand, the magical Queenstown!** With unsurpassed panoramic scenic splendour, this little town packs in all the best New Zealand offers.

Once again you will be treated to a perfect blend of enjoyment, information, networking opportunities, fine foods and accommodation. We will present you with our menu of local and international speakers touching on subjects pertinent to the industry. The Conference Expo will be there to present you with the latest in information and services.

The legendary networking opportunities will again abound, along with the entertainment and activities that you have become accustomed to at our conferences.

Even if you have never played golf before, what better opportunity to "have a go".

Sample an activity from the menu of choices we have arranged for you and see why these operators take away tourist industry awards each year.

This is the one and only dedicated industry conference and no other better opportunity exists to meet and associate with your peers, service providers and stakeholders while gaining a valuable insight into current and future industry development. So "Fast Forward" to the registration page and make a date in your diary, this is the one not to be missed.

Sean Neary, President
