

Queensland Infrastructure Summit 2006

Assessing the latest developments and growing opportunities in Queensland infrastructure

15th – 16th June 2006 – Brisbane Marriott Hotel

Following the success of the Queensland Infrastructure Summit in June 2005, we are once again pleased to host the **Queensland Infrastructure Summit** for **2006**. Attracting over 120 attendees in 2005, this summit provides a unique opportunity for all stakeholders and decision-makers along the infrastructure value chain to exchange views on the future of Queensland's infrastructure development.

Opening with a keynote address from **Premier Peter Beattie**, followed by keynote addresses from the **Lord Mayor of Brisbane, Campbell Newman** and the **Deputy Coordinator-General**, the conference will then look at the latest issues in transport infrastructure with leading industry practitioners and government speakers including **Bruce Wilson, Director-General, Queensland Transport**, **Alan Tesch, Director-General, The Department of Main Roads**, **Bob Scheuber, CEO, QR** and **Brad Fish, CEO, Ports Corporation of Queensland**.
