

Free Trade:

How to win business with US Government Departments

The US Federal and State Governments represent the world's largest and most diverse markets, generating billions of dollars in sales opportunities each year.

The recently introduced Free Trade Agreement has opened the door for Australian business to pursue this lucrative market.

Yet, as exciting as the opportunities may be, realising them can be daunting for those who lack the contacts or the know-how.

This breakfast seminar is designed to assist Australian businesses in selling their products and services to US government departments.

You are invited to attend 'Free Trade', a breakfast seminar
