AQIS Compliance Agreements

The structure of the Import Clearance Compliance Agreement model has been reviewed and a number of changes have subsequently been made to the Broker Compliance Agreement documents. Following a review by a working group of customs brokers in late December 2004 final drafts of the CA documentation are now available for wider industry comments.

The link below will give you access to the relevant documentation and an explanatory note.

Please avail yourself of the opportunity to comment on the revised Compliance Agreement documentation and conditions.
