

Commerce Solutions

## AN IMPORTANT REMINDER FROM AAPT!

Click on the links below for more information

If you have trouble reading this email, go to <http://www.tradeway.com.au/news>

### CMR Exports is only 15 days away!!!

If you don't have a PKI certificate yet, or aren't sure what you need to do, AAPT has [PKI solutions](#) for you. Click on the links below for further details and information on how to take advantage of this offer.

To be assured of registration for your Customs messaging in time for September 22, [AAPT will need to receive completed order forms before September 15.](#)

Order forms and Service Schedules are available for download from <http://www.tradeway.com.au/forms>. Completed forms can be faxed to 02 8898 8536.

If you have any questions or require assistance with PKI, [contact AAPT](#) on the numbers below.

- > [Heard about TradeGate ExportNet<sup>TM</sup> for CMR Exports?](#)
- > [Like to contact AAPT about your options?](#)
  
- > AAPT has flexible PKI solutions for you

If you're having difficulty getting your PKI certificate, aren't sure what to do, or want to avoid the hassle of doing your own PKI processing, AAPT can help you.

Tradeway Messaging offers several options to solve your PKI problems:

#### Option 1

You host your Type 3 server certificate and perform your own PKI processing. You can send messages to AAPT via FTP and we will on-forward to Customs via our direct connect.

#### Option 2

AAPT hosts your Type 3 server certificate and performs PKI processing on your behalf. You can send messages to AAPT via SMTP or FTP and we will on-forward to Customs via our direct connect.

#### Option 3

You don't need a Type 3 server certificate. AAPT will perform all PKI processing on your behalf. You can send messages to AAPT via SMTP or FTP and we will on-forward to Customs via our direct connect. You can still get a Type 1 PKI certificate for Customs Interactive access if you wish.

## Option 4

For exporters with smaller volumes who don't want to get a PKI certificate or EDI software, but would like to lodge export declarations, PRA's and FWB's, TradeGate ExportNet™ caters for all your exporting needs in one simple, time saving place. Read the [ExportNet feature](#) for more information.

See below for more information on [Tradeway Messaging](#) options.

## > AAPT has versatile messaging options

AAPT recently launched two new products which lower or even eliminate the risks of using Internet Email to send messages to Customs:

### Tradeway Message Lite

- A special email address which only allows mail transmissions to and from Customs, 1-Stop and CSX. This provides a unique level of security only available through Tradeway by avoiding the risk of spam and viruses to your Customs mailbox.
- **FREE** if connecting to Customs via a Tradeway Network connection

### Tradeway Message Direct

- A choice of SMTP or FTP (for more robust communications)
- Access to the same stable and robust messaging service you have been using for the past decade
- Use of AAPT's direct connection to Customs
- Use of AAPT's [PKI solutions](#) for Customs messaging
- 24 x 7 helpdesk
- Message tracking and resends
- From only \$100 per month

BOTH messaging options provide you with high service and support levels from the people you have been working with for years who understand your needs.

[Call AAPT](#) for help choosing which messaging option is right for you.

*Remember, if you would like to sign up for any of these services, you must **contact AAPT prior to getting your PKI certificate.***

## > TradeGate ExportNet™

### “One Time. One Place. One Easy Process.”

ExportNet™ is a unique export processing system benefiting small and large exporters across Australia. ExportNet is cost-effective and hassle-free. Unlike other methods of export processing, ExportNet is designed to support all your exporting needs in one simple, time saving place. Consider these benefits:

- Allows you to lodge Customs declarations without a PKI certificate
- Process PRAs nationally, including CSX, Patricks and P&O groups
- Covers all modes of transport
- Is CMR compliant
- Eliminates re-keying of export information – conveniently allows you to capture, re-use and transfer your data

TradeGate offers the ExportNet service at \$3.30 per transaction for TradeGate members and \$4.40 for non-members (including GST).

To find out more about ExportNet, call the numbers below or visit the [TradeGate web site](#).

**Sydney** - 02 9283 1144

**Melbourne** - 03 9645 9566
