NOTICE TO TRANSPORT COMPANIES

OMR IMPORT CARGO REPORTING UPDATE

As a result of new initiatives and improvements the percentage of import containers available for immediate delivery in our terminal yards has improved. We are continuing to work with Customs to make further improvements over coming days, in the meantime **our ability to make new imports available for delivery will be greatly assisted by beneficial cargo interests and their service providers picking up as many released imports as possible.**

Patrick will make available as many import timeslots over each 24 hour period as are required to ensure imports can be delivered and we again urge all parties to respond positively to the challenges of the current situation.

All Consignees/Importers, Customs Brokers, Freight Forwarders and Transport Companies are advised to check the updated import availability on Patrick's customer web page enet.patrick.com.au and/or the Customs web page <http://itools.customs.gov.au/containers/index.htm>

As at 0900 today the following imports are Customs cleared and available for immediate delivery;

Fisherman Islands, Brisbane	550 containers
Port Botany, Sydney	1,931 containers
East Swanson Dock, Melbourne	1,693 containers
North Quay, Fremantle	363 containers

We will keep you updated as appropriate.
