### ICS User Representative Resigns

I would like to announce that effective 16 June 2005 I finish my term as the ICS User Representative. I have decided to join SUREpick, (a small company involved in the provision of greyhound form products) as their IT developer/manager.

CBFCA has announced that Paul Zalai (the former ICS User Representative) will be seconded from his position in the CBFCA to take my place effective 1 July this year. See the CBFCA website for further information.

I have thoroughly enjoyed my time working with you all, and I wish you all the success for the future with the introduction of the imports phase of CMR.

I will be available for short-term consultancy work on CMR related matters (for a hefty fee).

---
