

**Status of Agreement - Resolution 502  
Adopted in the Hague, 27-31 May 2002  
Intended for Effect 1 October 2002**

By Memorandum CTC COMP 0421 dated 27 September 2002 we advised that Composite Resolution 502 as circulated by memorandum CTC COMP 0396 could not yet be declared effective due to outstanding government approvals.

At that time we had advised that we did not expect implementation of the change prior to 1 October 2003.

This is to advise that changes to Resolution 502 can still not be declared effective due to necessary Government approvals remaining outstanding.

Adequate lead-time for implementation of the changes will be provided after receipt of all necessary Government approvals. A definite implementation date will be determined only after consultation with Members.
